

I-360 Contents Checklist and Where to File Handout

I-360 Application Packets submitted to USCIS should comply with all of the current requirements as provided in USCIS Form I-360 instructions available online. We recommend including the following:

Cover Letter (highlighting form I-360 is for child seeking SIJS and other key facts including compliance with the USCIS Policy Manual, including no fee required for filing I-360 for special immigrant juveniles)	
Form I-360 with appropriate signatures	
Original G-28 with appropriate signatures	
Copy of Child's Birth Certificate or other proof of age if unavailable	
Translation of Child's Birth Certificate with Certificate of Translation	
Certified Copy of State Court Order with SIJ Findings	
Other documents from State Court file needed to corroborate any eligibility requirements outside of the court order (petition, legal brief to state court, written testimony, etc.)	

Where to File:

Always look to CIS website on most current information as to where to file. There was recently an update in filing locations for SIJS petitions to the lockbox associated with where a petitioner lives. More information can be found here:
